The 2015 Annual Spring Dance Recitals produced by the San Diego Civic Dance Arts including the segment "Feelin' Groovy!" is being professionally video recorded at the Casa del Prado Theatre. We use a high definition, broadcast digital camera for exceptional picture quality and record from a high angle to insure every dancer is seen. Excellent sound is provided by connecting directly into the theater sound system and placing a microphone on stage to record tap dancing. The video is edited and includes titles, chapter markers, and artwork. You can order a professional DVD or a High Definition Blu-ray which includes the entire show...plus get free shipping to your home. Place your order at our sales booth during the rehearsals or the shows. We take checks, cash and credit cards. You can also mail us the form or order online at:
